

1 Learn first

Start with the real need, not the first idea that looks exciting.

Use with Hub screen: **LEARN - Choose one ready pathway**

DO THIS FIRST Your teacher chooses a ready pathway. Open its direct sources, then record what is needed now.

READY PATHWAY

☐ School / belonging

☐ Surrey climate

☐ Bird-window safety

☐ Teacher-approved

ISSUE OR REQUEST

SOURCE 1 - EXACT TITLE

SOURCE 2 - EXACT TITLE

DATE CHECKED _____

WHO OR WHICH GROUP IS GUIDING THIS? _____

ONE VERIFIED FACT - IN YOUR OWN WORDS

CURRENT REQUEST OR RECOMMENDATION

What do the sources say people should do now? If there is no current request, write NOT STATED.

EVIDENCE CHECK

Before moving on, your team can point to both source titles, one verified fact, and the current request or NOT STATED.

☐ Ready for page 2

2 Compare three actions

Use evidence to choose an action that truly fits.

Use with Hub screen: COMPARE - Compare three real actions

Copy three issue-specific actions from the chosen pathway. Include one tempting mismatch. Circle 0 = no, 1 = check, or 2 = yes with evidence.

1 ACTION 1 _____ **REAL NEED?** **USEFUL?** **SAFE + DOABLE?**

What would the audience do? _____

☐0 ☐1 ☐2
 ☐0 ☐1 ☐2
 ☐0 ☐1 ☐2

EVIDENCE OR CHECK NEEDED _____ **TOTAL** ____ / 6 **KEEP / CHECK / CHANGE**

2 ACTION 2 _____ **REAL NEED?** **USEFUL?** **SAFE + DOABLE?**

What would the audience do? _____

☐0 ☐1 ☐2
 ☐0 ☐1 ☐2
 ☐0 ☐1 ☐2

EVIDENCE OR CHECK NEEDED _____ **TOTAL** ____ / 6 **KEEP / CHECK / CHANGE**

3 ACTION 3 _____ **REAL NEED?** **USEFUL?** **SAFE + DOABLE?**

What would the audience do? _____

☐0 ☐1 ☐2
 ☐0 ☐1 ☐2
 ☐0 ☐1 ☐2

EVIDENCE OR CHECK NEEDED _____ **TOTAL** ____ / 6 **KEEP / CHECK / CHANGE**

BEST FIT FOR NOW Action _____ because _____

If no action is ready, write what the team must check next.

3 Choose and build

Choose the format that helps the real audience respond.

Use with Hub screen: **CHOOSE** - Choose the right product; **BUILD** - Build the approved product

CHOOSE ONE FORMAT

☐ Artwork

☐ Letter

☐ Collection plan

☐ Presentation

☐ Design change

AUDIENCE

Who can respond or decide?

VERIFIED FACT

What will you say in your own words?

CLEAR REQUEST

What can the audience actually do?

DRAFT, SKETCH, OR MAP THE STEPS

Use this space for the format you chose. Label the part that gives the audience a clear next action.

TEAM ROLES _____

ADULT CHECK _____

SHARE DATE _____

Adult approval comes before public contact, collections, fundraising, or changes to a shared space.

4 Act, check, learn

Record what happened. An output is not proof of change.

Use with Hub screen: ACT - Deliver the approved action; CHECK - What will we check and when?

BEFORE SHARING - ADULT CHECK

☐ Approved route

☐ Privacy checked

☐ Roles clear

☐ Date set

DELIVERY RECORD

What we made, sent, shared, collected, or changed: _____

Who received it? _____ Date: _____

1 OUTPUT

What did we deliver?

2 RESPONSE

What came back?

3 CHANGE / UNKNOWN

What changed, or what is not known yet?

NEXT CHECK Date _____ Person responsible _____

WHAT DID EVIDENCE HELP US CHOOSE?

WHAT WILL WE KEEP, CHECK, OR CHANGE NEXT? _____

Teacher quick start

From Concern to Action - expanded six-page pack.

PRINT MAP - EXACTLY WHAT TO HAND OUT

Hand out pages 1-4 as one set per team. Keep pages 5-6. Collect completed pages 1-4 after the planning block or after the follow-up check.

READY

Choose one ready pathway in Student Action Studio. Open its two direct sources and three starting actions before class. Include one tempting mismatch.

MODEL ONE MOVE - ABOUT 60 SECONDS

Read the current request before scoring: 'A poster might look good, but I cannot give it a 2 unless it serves this need and audience.'

RUN IT

1 LEARN

Record two sources and the current request.

2 COMPARE

Score three real actions.

3 CHOOSE

Pick the fitting product format.

4 BUILD

Approve one accurate product.

5 ACT

Use the approved route and roles.

6 CHECK

Separate output, response, and change.

Teacher guide and evidence

Keep the project focused, safe, and accountable.

BEFORE CLASS

Open the sources. Choose the three action ideas. Decide which contacts, collections, fundraising, or shared-space changes would need approval.

DURING THE LESSON

Slow students down before action. Ask: 'Which source supports that?' and 'What can this audience actually do?'

COLLECT / NOTICE

Collect source notes, three /6 scores, one approved product plan, and a dated record that separates output, response, and change.

DEBRIEF

What evidence guided the action? Why does the format fit? What is an output? What would count as change? What remains unknown?

CARE AND ADULT RESPONSIBILITY

No student discloses a personal experience or speaks for a group or community. Adults handle permission, privacy, public contact, fundraising, collections, and promises. Use school-approved routes only.

SUCCESS LOOKS LIKE

Students can name the need, cite two sources, explain their scores, select a fitting format, and name a follow-up date. Views, posters, and people reached are outputs - not proof that the issue improved.
