

Teacher Quick Start

Who Gets Heard? Pick one useful route. Do not run the whole packet in one sitting.

KEEP THESE TWO PAGES

Print only the student page or pages named for the route you choose.

Choose a route

FAIR CLASS CHOICE

A

Hub: CHOOSE, REVEAL, ROUTE, BUILD, REVIEW

Print pp. 3-4

Students revise a sharing plan and set a review.

SURREY DECISION LAB

B

Hub: SURREY CASE, MISSING

Print p. 5

Students recommend, justify, and ask who is missing.

REPRESENTATION + VOICE

C

Hub: REPRESENT, TRUSTEES

Print pp. 6-7

Students sample a message or write a trustee brief.

MESSAGE + PARTICIPATION

D

Hub: SOURCE CHECK, PARTICIPATE, AFTER

Print pp. 8-9

Students check a message and plan follow-through.

1 RUN IT IN FOUR MOVES

1

Project one route.

2

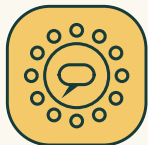

Compare evidence.

3

Name a missing perspective.

4

Decide, justify, and set a next check.

Teacher Notes + Ready Links

Preview one source, model one move, and keep the discussion non-partisan.

MODEL ONE MOVE - ABOUT 60 SECONDS

Read AREA B, then say: 'Distance matters, but I still need to ask who can travel, what access exists, and what evidence is missing.'

BEFORE YOU TEACH

- ☐ Choose one route, not the whole packet.
- ☐ Use the official candidate list only after Sept. 11.
- ☐ Preview candidate material; compare equal samples.
- ☐ Use a hypothetical case if a live issue feels unsafe.

2 OPEN THESE READY LINKS

City of Surrey 2026 municipal election

Surrey Schools Student Voice example

surreyschools.ca

Surrey Schools Board meetings

surreyschools.ca

DEBRIEF

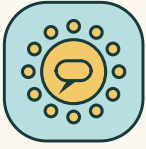

Who set the options? Who was not heard? What evidence could change our recommendation? What continues after election day?

COLLECT / NOTICE

A reasoned revision, source label, missing-perspective question, trustee message, or participation route. A product is optional.

CARE

Stay non-partisan. Do not ask about family voting, create identity scorecards, or claim that a group shares one view. Compare equal samples. Students may pass or use a fictional example.

Who Gets Heard?

Make one class choice before new information is revealed.

USE WITH HUB SCREEN: CHOOSE - Gallery walk or small-group showcase?

1 CHOOSE BEFORE THE REVEAL

GALLERY WALK

Projects are displayed around the room. Visitors move, look, and leave feedback.

☐ **THIS IS MY FIRST CHOICE**

SMALL-GROUP SHOWCASE

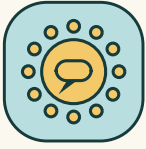

Creators share with a few visitors at a time in one part of the room.

☐ **THIS IS MY FIRST CHOICE**

My first choice is: gallery walk / small-group showcase

My reason:

STOP HERE. WAIT FOR THE TEACHER TO REVEAL NEW INFORMATION.

Reveal, Redesign + Review

Use new information to make the first decision fairer.

USE WITH HUB SCREEN: REVEAL, ROUTE, BUILD + REVIEW

2 REVEAL ONE NEW-INFORMATION CARD

MOVEMENT + CROWD

Busy movement can make it hard to focus, see, hear, or move safely.

LIVE SPEAKING

Some students need preparation time or another way to explain their work.

VOICE MISSING

Nobody asked what would help creators and visitors participate.

After the reveal, our group will:

☐ KEEP ☐ SWITCH ☐ COMBINE / REDESIGN ☐ LEARN MORE

What did our first choice not consider?

3 USE THE FAIR-DECISION ROUTE

HEAR

CHECK

REDESIGN

DECIDE

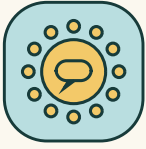

REVIEW

Our redesigned sharing plan:

A fair decision is ready to try when:

We will check again on: _____ **We will ask:** _____

Who might still face a barrier? What would tell us the plan is working?

Surrey Decision Lab

A hypothetical case using real public-decision questions. There is no single correct answer.

USE WITH HUB SCREEN: SURREY CASE + MISSING

1 ONE RECREATION CENTRE: WHERE SHOULD IT GO?

AREA A - GROWTH

Many new homes and young families. One small centre already serves the area.

AREA B - DISTANCE

Residents travel farthest to indoor recreation. Bus trips can require transfers.

AREA C - ACCESS

More facilities are nearby, but users report physical and sensory barriers.

AREA D - SPACE

A suitable public site is available, but fewer people live nearby today.

Our recommendation: AREA A / AREA B / AREA C / AREA D / LEARN MORE

We prioritized: population / distance / need / geographic fairness / a combination

The evidence that mattered most:

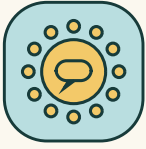

2 CHECK WHO IS MISSING

- ☐ children
 ☐ teens
 ☐ seniors
 ☐ disabled people
 ☐ newcomers
 ☐ renters
☐ transit users
☐ Indigenous Nations
☐ people without housing

One perspective still missing: _____

One respectful question to ask:

Remember: no group has only one opinion.

Representation Check

Look beyond visible identities. Notice which ideas and experiences receive attention.

USE WITH HUB SCREEN: REPRESENT - What does representation look like?

IDEAS

EXPERIENCES

COMMUNITIES

INTERESTS

PERSPECTIVES

1 CAMPAIGN SAMPLE - USE AFTER SEPT. 11

Candidate / organization / material:

Issue or community receiving attention:

Exact claim or promise:

Evidence provided or needed:

SOURCE TYPE

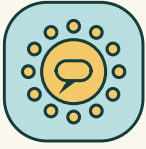

☐ government info ☐ news ☐ candidate material ☐ opinion ☐ ad

2 NOTICE WHAT IS HARD TO FIND

Whose perspective should be added?

What equal sample will we compare?

Groups contain diverse people and perspectives. No classmate represents a whole group.

Student Voice Brief

Turn student input into one clear message for a school trustee.

USE WITH HUB SCREEN: TRUSTEES - Who represents students?

ONE THING A SCHOOL TRUSTEE SHOULD HEAR FROM YOUNG PEOPLE

Choose one school experience trustees should understand.

1 GATHER INPUT IN MORE THAN ONE WAY

- ☐ anonymous survey
 ☐ small-group talk
 ☐ observation
 ☐ student council
☐ suggestion box
☐ another fair method

2 WRITE THE BRIEF

A finding supported by input or evidence:

One question for the trustee or board:

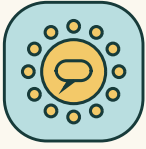

One realistic recommendation:

Who could benefit?

What support would it need?

Whose perspective should be added before we send it?

Do not claim that every student agrees.

Message Check

Agreement does not make a statement factual. Disagreement does not make it false.

USE WITH HUB SCREEN: SOURCE CHECK - What kind of message is this?

FACT

can be checked

OPINION

belief or judgement

CLAIM

needs evidence

EVIDENCE

supports or challenges

PROMISE

future commitment

PREDICTION

what may happen

Message:

I label it: _____ **because:** _____

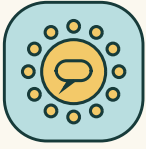

Best evidence or next source:

CHECK THE SOURCE BEFORE YOU AGREE OR DISAGREE

Who made this message, and why?

What evidence could change my mind?

Participate + Follow Through

Voting is one piece. Choose a realistic route, then check what happens next.

USE WITH HUB SCREEN: PARTICIPATE + AFTER

1 CHOOSE A WAY TO PARTICIPATE

☐ SURVEY

☐ STUDENT COUNCIL

☐ PROPOSAL

☐ JOURNALISM

☐ PUBLIC CONSULTATION

☐ MEETING

☐ PETITION

☐ COMMUNITY GROUP

☐ PEACEFUL DEMONSTRATION

☐ VOLUNTEER

☐ VOTE WHEN ELIGIBLE

Our route: _____ Decision-maker: _____

What we will do or create:

Response or change we will check:

Check-back date: _____

2 AFTER THE DECISION OR ELECTION

RESULT

Who now holds the office or made the decision?

ACCOUNTABILITY

What promise, question, or need should be followed?

NEXT CHECK

Which meeting, update, budget, or policy will give evidence?

The next question we will ask:
