Sign number: _____ What clue is missing or confusing?

Wayfinding Sign Studio: Two Tries

Try two picture strategies before adding any words.

TARGET - circle one or write another:

library • office • water • washroom • help • gym • other: _____

STARTERS: object • action • arrow + landmark • border or shape

KEEP THE WORDS COVERED

Use the full space. A partner tests the pictures before you add words.

TRY 1 - OBJECT OR PLACE

Use an object or a picture of the place.

TRY 2 - ACTION OR DIRECTION

Try a person doing an action, an arrow, or a landmark.

Test, Revise, Finish

Partner guesses. Revise. Add only adult-approved wording.

1 PARTNER TEST - designer keeps all words covered

PARTNER'S GUESS: _____

☐ SURE

☐ UNSURE

The visual clue that helped or confused me was... _____

2 DESIGNER DECIDES: ☐ CLEAR ☐ NEEDS REVISION

ONE VISIBLE REVISION I WILL MAKE: _____

3 FINAL SIGN - use the full space

ADD WORDING ONLY AFTER THE PICTURE TEST

Use school-approved wording provided by an adult. Add an adult-approved translation only if your teacher provides it. Classmates are not translators. Treat this sign as a mock-up until administration approves public display.

Teacher Guide: Print + Project Map

Keep the key hidden. Assign a real need. Get approved wording.

BEFORE STUDENTS ARRIVE

Assign one real school place or routine. Obtain school-approved wording and any adult-verified translation. Show final mock-ups to administration before public display.

Teacher Guide: Welcome Without Tokenizing

Welcome without asking students to translate or represent a community.

MODEL ONE MOVE - ABOUT 60 SECONDS

Cover the label for sign 1. Say: 'I see an open book, so I predict library. The picture gave me evidence.' Name the clue, not just the answer.

TEACHER MOVES

Test pictures before words. Ask which clue carried meaning and which revision improved access. Do not treat any school list as every language or community.

HIDDEN ANSWER KEY

1 library • 2 office • 3 water • 4 washroom • 5 help • 6 gym

DEBRIEF

What clue made the sign clear? What confused the partner? Would a picture, arrow, short label, or verified translation help?

COLLECT / NOTICE

A peer-tested mock-up with a clear picture, adult-approved wording, and one documented revision.

CARE

No student is responsible for teaching, translating, pronouncing, or representing a language or community. Adults verify every translation.
