

SURREY PLACES TO EXPLORE

Teacher inventory | Checked 26 September 2026

Begin with your grounds or a walkable park. The sites below are prompts for inquiry, not fixed itineraries. Open the linked park page, walk the chosen route, and verify current conditions before bringing a class.

01 SCHOOL GROUNDS / NEAREST PARK

No bus; repeat visits reveal seasonal change. Use the School Grounds journal.

02 WOODLAND PARK • FLEETWOOD

Forest trails and a field, 9095 158 St. Check trail surfaces and the route.

03 SURREY NATURE CENTRE • GREEN TIMBERS

Forest, meadow, pond and exhibit, 14225 Green Timbers Way. Call ahead for a self-led class visit.

04 BEAR CREEK PARK

Creek, gardens, paved paths and trails, 13750 88 Ave. Check current area closures.

05 SUNNYSIDE ACRES URBAN FOREST

Second-growth forest, 2598 144 St; Wally Ross universal access trail (0.8 km).

06 REDWOOD PARK

Planted tree diversity, trails, picnic area and washrooms, 17900 20 Ave. Check the route beyond the playground.

PLAN THE VISIT

A quick check before using either field journal

ROUTE

Walk it first. Check crossings, surfaces, slopes, washrooms and rest places. Choose shared observation stations so every student participates.

VISIT DETAILS

Check the linked site page. Call the Nature Centre before a self-led class visit. Review City park school-visit guidance for other destinations; public space is first-come, first-served.

LEARNING

Print the relevant journal. Teams can choose challenges and return to unfinished work. No species identification or collecting is required.

FREE CITY RESOURCES

Surrey offers outdoor learning pages, school park stewardship opportunities and teacher Nature Activity Kits available on a two-week loan.

OPEN CURRENT DETAILS

- City outdoor learning resources
- School park programs and Nature Activity Kits
- City park visit guidance

Route access and conditions can change; this list is not an accessibility certification.
