

Who Gets Heard?

Start with a class choice. Reveal a barrier. Redesign before connecting the same fairness questions to Surrey.

1 CHOOSE BEFORE THE REVEAL

GALLERY WALK

Projects are displayed around the room. Visitors move, look, and leave feedback.

SMALL-GROUP SHOWCASE

Creators share with a few visitors at a time in one part of the room.

FIRST CHOICE: GALLERY / SMALL GROUP BECAUSE: _____

TEACHER: FOLD OR COVER BELOW UNTIL AFTER THE FIRST CHOICE

2 REVEAL ONE NEW-INFORMATION CARD

MOVEMENT + CROWD

Busy movement can make it hard to focus, see, hear, or move safely.

LIVE SPEAKING

Some students need preparation time or another way to explain their work.

VOICE MISSING

Nobody asked what would help creators and visitors participate.

Surrey Decision Lab

A hypothetical case using real public-decision questions. The area labels are fictional. There is no single correct answer.

1 ONE RECREATION CENTRE: WHERE SHOULD IT GO?

AREA A - GROWTH

Many new homes and young families. One small centre already serves the area.

AREA B - DISTANCE

Residents travel farthest to indoor recreation. Bus trips can require transfers.

AREA C - ACCESS

More facilities are nearby, but users report physical and sensory barriers.

AREA D - SPACE

A suitable public site is available, but fewer people live nearby today.

OUR RECOMMENDATION: AREA A / B / C / D / LEARN MORE

WE PRIORITIZED: POPULATION / DISTANCE / NEED / GEOGRAPHIC FAIRNESS / COMBINATION

Message Check + Many Ways to Participate

Teacher Quick Start: Who Gets Heard?

Do not copy this page. Open the source, model one move, then hand out only the student pages needed (1-4).

READY

Choose one route, not the whole pack: page 1 class decision; page 2 Surrey case; page 3 representation/trustees; page 4 messages/participation.

MODEL ONE MOVE - ABOUT 60 SECONDS

Read AREA B, then say: 'Distance matters, but I still need to ask who can travel, what access exists, and what evidence is missing.'

1 RUN IT

1

Project one route.

2

Compare evidence.

3

Name a missing perspective.

4

Decide, justify, and set a next check.

DEBRIEF

Who set the options? Who was not heard? What evidence could change our recommendation? What continues after election day?

COLLECT / NOTICE

A reasoned revision, source label, missing-perspective question, trustee message, or participation route. A product is optional.

CARE

Stay non-partisan. No family voting disclosure, identity scorecards, or claim that a group shares one view. Compare equal samples.
