WHAT HAPPENS TOGETHER

What new participation problem appears? What should organizers ask?

WHO SHOULD ORGANIZERS CONSULT?

Name a role or group with relevant experience. Write one question organizers should ask. No classmate represents anyone.

Access Plan Challenge

Required access is not optional. Check the basics first, then spend up to six planning points on enhancements.

REQUIRED BASICS - CHECK ALL FOUR

☐ ACCESSIBLE ROUTE

☐ JOIN WITHOUT PAYING

☐ FOOD / ALLERGEN INFO

☐ SAFE EXIT ROUTE

WHICH BARRIER REMAINS?

Name the participation barrier, not an identity.

WHO SHOULD CHECK THE PLAN?

Name a role or group organizers should consult.

Teacher Quick Start: When Barriers Stack

Do not copy this page. Open the source, model one move, then hand out only the student pages needed (1-2).

READY

One student pack per group and pencils. No cutting or loose counters are needed. Project the fictional draft event facts.

MODEL ONE MOVE - ABOUT 60 SECONDS

Connect ONE LANGUAGE and LONG LETTER: 'Together, the invitation may be hard to understand. I should ask what formats and approved translations are needed.'

1 RUN IT

1

Choose two draft-event barriers.

2

Build one barrier chain.

3

Check all required basics, then spend up to six points.

4

Name one unanswered question and who should check.

2 OPEN THESE - READY LINKS

DEBRIEF

Which basics are non-negotiable? Which enhancement helps across barriers? What still needs consultation?

COLLECT / NOTICE

Collect one plan with all basics checked, a correct six-point total, one unanswered question, and a consultation step.

CARE

Keep the event fictional. Students do not disclose family income, disability, religion, language, or migration experiences.
