

AI Equity Dilemma Cards

Choose one card. Notice the opportunity and the risk. Ask what evidence or rule would change the outcome.

CARD 1 - ACCESS

TRANSLATION NOW

An AI translator lets a newcomer join a class discussion right away. It sometimes misses meaning or tone.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

CARD 2 - DISCRIMINATION

FACE MATCH

A facial-recognition system is less accurate for some groups. A school is considering it for building entry.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

CARD 3 - ACCESS + WEALTH

PAID TUTOR

An AI tutor gives useful feedback. Families who pay get a stronger version with more help.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

CARD 4 - ENVIRONMENT

DATA CENTRE

A data centre brings jobs and services. It also needs electricity, equipment, land and cooling.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

AI Equity Dilemma Cards

Choose one card. Notice the opportunity and the risk. Ask what evidence or rule would change the outcome.

CARD 5 - PRIVACY + POWER

STUDENT SUPPORT

A system watches behaviour to predict who may need support. Students cannot see or challenge its score.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

CARD 6 - CONSENT

CULTURAL KNOWLEDGE

Community-held cultural knowledge appears in an AI answer. The community was not asked about this use.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

CARD 7 - WORK + WEALTH

WORK CHANGES

AI removes repetitive work and raises production. The company decides how the savings and benefits are shared.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

CARD 8 - DEMOCRACY

CONVINCING FAKE

A realistic video of a candidate spreads before an election. The original source cannot be confirmed.

WHO BENEFITS?

WHO MIGHT BE HARMED OR EXCLUDED?

WHO HAS POWER OR CAN CHALLENGE IT?

WHAT WOULD MAKE THIS MORE EQUITABLE?

AI Rules Council

Protect a real benefit. Prevent a serious harm. Make a rule that can be checked and challenged.

1 BUILD THE TABLE

☐ STUDENTS

☐ FAMILIES

☐ WORKERS

☐ BUSINESSES

☐ SCIENTISTS

☐ DISABILITY ADVOCATES

☐ INDIGENOUS GOVERNMENTS

☐ ENVIRONMENTAL ADVOCATES

☐ GOVERNMENT

☐ FUTURE GENERATIONS

WHO IS NOT IN THE ROOM BUT WILL STILL BE AFFECTED?

2 WRITE FOUR PARTS OF THE RULE

BENEFIT TO PROTECT

What useful access, service or possibility should remain?

HARM TO PREVENT

Which unfair cost, exclusion or rights risk must be limited?

RIGHT TO CHALLENGE

How can an affected person get an explanation, correction or appeal?

CHECK + REPORT

What evidence will be reviewed, by whom, and when?

Teacher Evidence Shelf

Open the source matched to the dilemma. Use what the evidence supports; name uncertainty and disagreement honestly.

Teacher Quick Start: AI Equity Dilemmas + Rules Council

Do not copy this page. Open the source, model one move, then hand out only the student pages needed (1-3).

READY

Project one Hub screen. Print pages 1-2 once per group only if using cards; print page 3 once per council group. No AI account, device, or student data is needed.

MODEL ONE MOVE - ABOUT 60 SECONDS

Read the translator card: 'Fast participation is a benefit. An error in a safety message is a cost. I need to know the stakes, accuracy, and who can correct it.'

1 RUN IT

1

Choose one card that fits current learning.

2

Sort fact, claim, value, prediction and unknown.

3

Apply the six equity questions.

4

Revise the idea or run the Rules Council.

2 OPEN THESE - READY LINKS

DEBRIEF

What evidence changed your view? Who gains a real benefit? Who carries a cost? Who can say no, appeal, correct, or stop the system?

COLLECT / NOTICE

Listen for a protected benefit, a named cost, missing evidence, an affected voice, and a rule with a real check. A written product is optional.

CARE

Use fictional scenarios. Do not enter student information into AI. Do not test sacred, restricted or community-held knowledge, impersonate an Indigenous voice, or ask students to disclose disability, income or family access.
